Tariff Rate Quotas - 2008

According to the State of Israel's Trade Agreements the following products may be imported to Israel, during the year 2008, tax free or under reduced customs tariffs.

Quota Allocation:

1. Quotas will be allocated according to the system detailed in the Directive by the Directing Manage (the "Directive").
2. The quota for the Palestinian Authority will be allotted according to the bilateral agreements between the State of Israel and the Palestinian Authority.
3. Prior to submitting the application form the applicant should read the Directive carefully and fill up the form precisely. The application should be mailed or handed personally. Faxed applications will be rejected.
4. The application should be submitted on the new form as shown in the Directive and all details should be filled carefully.
5. The applicant will attach all requested documentation as detailed in the Directive. After due date for submission of the application no additional documents will be accepted. Missing documents will cause rejection of the application.
6. The applicant himself is responsible to find out that his application entered the quota committee.
7. The import licenses will be valid through June 30, 2008.
